2012 - 2013 SCHOOL PROFILE

THE COMMUNITY

Negaunee High School is located in Negaunee, Michigan which has a population of 4,612. The name Negaunee comes from a Native American word nigani (Ojibwa tribe) meaning "foremost, in advance, leading". Negaunee was incorporated as a town in 1865 after the Jackson Mine was established to mine the ore in the area. Mining is still one of the primary professions in the Negaunee area today.

MISSION STATEMENT

The primary purpose of our school is teaching and learning. It is our responsibility to develop the intellectual, vocational, physical, creative, cultural, and social capabilities of all our students to their maximum potential. Our schools belong to the people of our community, and we further realize that productive schools are built on partnerships of citizens, parents, and staff.

THE SCHOOL

Negaunee High School is a four-year high school enrolling 431 students in grades nine through twelve. NHS is accredited by the State of Michigan Education YES! Program. The new high school was opened in 1986 in a unique renovation of an abandoned underground mine. A new pool and science wing were constructed and few would recognize the former Mather B Mining site. Construction of a new, state of the art auditorium was completed in 2009.

PROFESSIONAL STAFF
