

Lakeview Elementary School: 475-7803

As we enter the 2011 year, Walt Disney reminds us that, *"We keep moving forward, opening new doors and doing new things. Our curiosity keeps taking us down new paths."*

As our children continue to grow and explore new things, they will be met with many new paths to choose from. It is up to us as parents and educators to encourage their curiosity and guide them down the path of good decisions.

It is during this time that we, as adults can reflect on our decisions as caregivers and share with our children that, *"On every journey you take, you are met with options. At every fork in the road, you make a choice. These are the decisions that shape your life,"* as described by Mike DeWine.

A new year! New adventures! New choices! New lessons! Whether the path taken is the one we encourage or not, it is so important to nurture our young minds' curiosity and teach them the importance of reflection when they reach the end of their journey.

Happy New Year! Happy New Journeys! Happy New Reflections!

Mrs. Peterson, Principal

Mrs. Boase, Assistant Principal

Parent Power Hour

Hearing/Vision Screenings:

The Marquette County Health Department will be providing vision and hearing screenings for students of the Negaunee School District, beginning on January 5, 2011 and continue throughout the month. The purpose of the hearing screen is to identify hearing loss. A hearing problem can affect a child's behavior or performance in the classroom. Your child may be referred to an Otolaryngology Clinic to be screened by a medical hearing specialist if he/she fails the preliminary and threshold screening. The Michigan Department of Public Health and Marquette County Health Department share this cost. Any further treatment costs or follow-up care will be the family's responsibility. Grades Kindergarten, Second and Fourth will be screened for hearing. The school will contact you if any referrals are made based on your child's screening.

Many children enter school with eye problems and do not know they see differently. Throughout the growing years, the eyes change as often as clothes sizes. Early identification of an eye problem is important, since most eye conditions are easy to correct. The vision-screening program helps thousands of children in Michigan by periodic screenings and advising parents when there is a need for follow up care. Therefore, grades First, Third, Fifth, Seventh and Ninth will have the vision screening. You will be contacted if a referral is made based on your child's screening, follow-up care will be the family's responsibility.

If you have questions/concerns regarding your child's vision/hearing, please contact me at 475-7803 Ext. 105.

Thank you,
Ronda Mattila, RN
District Health Coordinator

2010-2011 Calendar

January-

January 3rd:
School Resumes
January 17th:
LPTP Pretzel Sale
