

Lakeview Elementary School: 475-7803

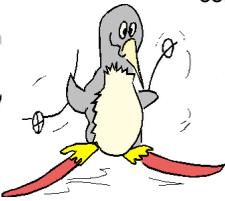

It is hard to believe that nearly half the school year has already taken place. As we continue planning for the second half of the school year, let us keep children and their safety, growth, and development our focus. There are so many wonderful things in the works for the second half of the school year that provide opportunities for family and friends to participate in the education of Lakeview students.

The traditional Friendship Festival is a fine culmination of half a school year and time of celebration and fun. Volunteering to assist with this annual event is always welcome. Please contact our S.H.I.N.E. coordinator if you are willing to participate. We will hold our second marking period awards programs the first week in February. The celebration of our 100th day (weather cooperating) will take place on February 11th.

The entire month of February will focus on "Wellness" and how you can help your child remain healthy for life. There will be opportunities for you to participate in wellness activities with your child/children. Please take this opportunity to find which will work for your family, then work toward that common goal.

We have so many things coming this Spring. We will celebrate reading month, welcome next year's Kindergarten students, enjoy our ice cream social with the talent showcase, take pleasure in the Spring concert and so much more. Wow, great things are always happening at Lakeview. What a spectacular community to be part of...even if we are covered in snow. :0)

Mrs. Peterson, Principal

"Success doesn't come to you - you go to it."

~Marva Collins

Establishing a strong work ethic in our youth is so important, but is not always easy. While everyone likes the feeling of success, many do not know how to get there without having someone show the way. Teaching our children that success is something you work hard for can be done in a variety of ways. Pointing out when children have accomplished even the simplest task and the steps they took to get there is one very easy way to show them that their hard work has paid off. That pay-off is the feeling of success they have! The more we teach these youngsters that success is earned and something to reach for, our hope is that they will find that inner desire to always strive for SUCCESS.

Mrs. Boase, Assistant Principal

S-P-E-L-L-I-N-G B-E-E

The following winners in the 5th Grade classroom competitions that took place on Friday, January 8 will now compete at our district level are as follows:

- 2:30- 3:00 Mrs. Nelson, Mrs. Crookham, Mrs. Kainulainen
- 3:00- 3:30 Mrs. Johnson, Mrs. Roberts, Mrs. Kendall

The Lakeview Store Is Now Oper

- The lowest priced items are 25 cents;
- There is a \$5.00 spending limit;
- Only students that have money will be allowed to shop;
- First and Second Grade students will shop after their outdoor lunch recess; Third, Fourth and Fifth Grade students will shop after they eat and before they go outside;
- Grade Shopping Schedules are sent to the individual classrooms.

The store needs to close promptly so that student workers can get back to class.

SCHOOL CALENDAR

- No School: Feb. 12
- Spring Break: Apr. 2 through Apr. 9
- No School: May 31
- Last Day of School: June 11

Me LOVE cookies!

The Fourth Grade will be holding a Bake Sale during lunch time on Thursday, January 21st. All items will be 25 cents. All money raised will go toward the Fourth Grade students' field trip to Clear Lake in June.

HELP PREVENT HEAD LICE ON YOUR CHILD

Any time children come together, particularly at the start of the school year or the end of a school break or any social grouping like Girl/Cub Scouts, Brownies, or Sport Camps, Birthday Parties, head lice cases commonly increase. Please encourage your child not to share or trade personal items such as hats, combs, brushes, headbands, or barrettes, as well as helmets or headphones with foam ear protectors.

Direct, physical, head-to-head contact is the usual method of transmission. Lice do not jump, fly, or swim. They are, however, good crawlers. Check your child's head weekly for lice and/or nits (eggs). Mature lice, which are no bigger than a sesame seed, avoid light and are hard to see. Lice eggs or "nits" are usually found close to the scalp - usually within 1/4 inch. They cannot easily be flicked away as dandruff can. Head lice do not transmit diseases and are not a serious medical condition. They cannot survive on your pets. If you find head lice on your child, please contact me and keep the child home until properly treated. Continue to examine all family members for 3 weeks and treat if live lice or nits close to the scalp are found.

CHECK REGULARLY - TREAT QUICKLY - HELP KEEP HEAD LICE OFF YOUR CHILD

For more information regarding head lice or its treatment, please feel free to contact the school nurse office at 475-7803, ext 105 or the local Health Department. Thank you for your help and support.
