

Lakeview Elementary School: 475-7803

The Bright Times of Spring

Our students participated this past week at the annual Young Author event showcasing their talents as writers and meeting author Lisa Wheeler. If we could only bottle the pride exhibited by the students and market it for others, we would not have difficulty with school budgets. School budgets are not something to showcase across the state of Michigan, however, they do not determine the quality of education our children receive.

The dedicated, committed staff and families at Lakeview are and will continue to be the greatest factor in why the students of Lakeview shine as they do among their peers. With the tough budget cuts that must occur for the next school year, there will be logistic changes at Lakeview. The one constant that a budget cannot harm is climate and culture.

It has been nearly a year since I joined the Lakeview School family and it has more than lived up to its reputation. I do not believe for one minute that budget constraints will minimize the educational programming each and every staff member provides. Our school day may look slightly different next year, our class sizes may be a little larger and we may need to solve difficulties in a new manner, but our students will continue to enjoy learning in a safe, superior and optimistic environment.

Please keep our school board in your thoughts as they determine how to best meet all the needs of all students in Negaunee Public Schools.

Thank you,
Mrs. Peterson,
Principal

Follow the Yellow Brick Road!

I have collected all of the Gold Slips that have been written since September of 2008, when I started here at Lakeview, and I must say that an impressive pile has mounted! Over 3000 Gold Slips have been given just this year alone! That is impressive! Our students continue to make good choices each and every day, demonstrating their Miner Traits: Respect, Responsibility, and Remembering Safety! Our staff works hard to recognize these traits that are so frequently shown by our students through issuing Gold Slips and are continually impressed by the excellent character development that continues to grow within our students here at Lakeview. We have our very own "gold" that we line our days with as our students continue to take the "road" of positive choices! Now that's reason to click our heels together!

Loving that this place is home,

Mrs. Boase,
Assistant Principal

Project Playground

Lakeview students have been raising money to upgrade their playground for the past two years. Through Fall fundraising activities they have raised approximately half of the money needed for this large playground.

Volunteers stand very willing and able to take down the old playground so that work can begin on the new playground this summer, in order to be ready for our student in the Fall. With all the efforts of wellness and healthy kids, we would like to be ready to encourage our students to exercise and enjoy the outdoors for the start of the school year.

Donors will be acknowledged in a commemorative display in the hallway near the Lakeview Memorial Gym.

Thank you for the time and consideration you in investing in the future of Negaunee students.

Happy Mothers Day!
