Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for Lakeview Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Julie Peterson for assistance.

The AER is available for you to review electronically by visiting the following web site <https://www.negaunee.k12.mi.us/district/annual-reports> or you may review a copy in the main office at your child's school.

For the 2016-17 school year, schools were identified using new definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Lakeview Elementary has not been given one of these labels.

As a school, we are pleased to have improved in nearly all areas and grade levels of state assessments this past year. We will continue to strive for excellence and will look for additional ways for this improvement to occur. Even though we strive for all students to perform to their potential, we will pay additional attention to our bottom 30% of student scores and look for ways to differentiate instruction in order for these students to achieve greater success. We have implemented the use of Northwest Evaluation Association (NWEA) Measurement of Academic Progress (MAPS) to inform and personalize instruction and support efforts to engage students' in their learning.

State law requires that we also report the following additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

The Negaunee Public School District has one high school, middle school, and elementary school. Negaunee Public Schools has a policy and process to address parents' schools of choice requests. Copies of this policy and procedures are available at each building principal's office as well as the central administration office. Parents have been notified of the policy and process for schools of choice requests. All Negaunee students attend their age-appropriate school unless indicated otherwise through an IEP.

2. STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

The 3-5 year plan for continuing school improvement efforts has been in effect since 1993. Implementation and evaluation are on-going. The school improvement plan is updated annually to reflect progress on identified goals and to address changing needs. Goals were identified based on student achievement data and NCLB requirements.

Data is used to guide instruction and show student growth at Lakeview Elementary. Assessments are given at the beginning and end of units taught at all grade levels. NWEA MAPS and curriculum assessments are completed three times a year for all students in all core areas with progress monitoring completed with students when needed. M-Step scores continue to be analyzed to see where improvement is needed and reveal gains from prior strategies implemented in our school.

Staff attended whole day in-services on the dates listed below. A variety of topics were covered, such as, guided reading, IXL, Reading A-Z, NGSS, differentiated instruction, 1/1 technology, and goal setting. (August 31, 2016; September 1, 2016; October 14, 2016, January 27, 2017, February 24, 2017)

3. BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

Lakeview Elementary School does not have specialized school. Lakeview does house the district ECDD Program and a consortium Early On and SLI Program.

4. ACCESSING A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

The core curriculum is the basic learning program in curricular areas for all students. The core curriculum for each content area defines expected student outcomes based on goals and objectives developed by the school district. These reflect both Michigan's core curriculum and pieces of the Common Core Curriculum. Curriculum goal committees monitor the goals based on the changes required by the State of Michigan and Board of Education. Staff development activities regarding the implementation and improvements in core curriculum areas are conducted through workshops, in service trainings, and during staff meetings. Student progress toward goal attainment is monitored through various testing (state, local) and alternative assessment.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

Writing pieces are kept for all students. A variety of other assessments are also used including performances; NWEA; District Assessments; running records, projects; group presentations; pre/post unit tests; computer generated achievement analysis and informal testing. No other nationally normed achievement test is administered.

6. NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

During the school year, Lakeview's parent-teacher conferences are held in the fall.

Parent participation is an integral component of our school community. Parents are represented on our LPTP, Title 1 and School Improvement Committees.

We are proud of the performance achievement and behavior of our Lakeview Elementary students, the support of our school community, and the dedication and professionalism of our teaching staff. If you are interested in learning more about our schools please do not hesitate to contact me.

Sincerely,
Julie Peterson, Principal
